

EMERGENCY APPEAL

Critical Aid Needed for Flood Stricken Regions in Bangladesh

The Situation

Catastrophic flooding has devastated Eastern Bangladesh including MAAWS project district of Noakhali. Millions of people in Eastern Bangladesh have been affected. In Noakhali had flooding at a minimum of 1.5 feet to as high as 4 feet and more. Now reconstruction must begin.

Needed Immediately

Donations to keep supplying food and oral saline as conditions such as diarrhea are on the sharp rise. Water-borne diseases like typhoid, cholera and hepatitis A will start to spread rapidly due to contaminated water Also to start reconstruction.

MAAWS is Helping

Many people are currently sheltering on the upper levels of the Earpur High School and the MAAWS Health Complex. The capacity is maxed out like many shelters in the area. MAAWS is also distributing food, drinking water and aid to residents in Earpur, Senbagh, Noakhali. After getting critical aid to people, we will be focusing on recovery and rebuilding efforts as flood waters recede.

We Need YOUR Help

Please contact through Blackbaud, PayPal or Zelle. Anything you can give counts even if it's as little as \$10 to provide food, medicine and aid. Lots of places are experiencing the devastation effects of weather events so we appreciate anything you have to spare. Please also share this flyer widely with your networks.

Individuals that are interested in donating from Bangladesh, please reach out to Golam Mawla Manik (golam@maaws.org). Include your name and telephone number where we can reach you.
